LETS GO!!!!

Go Ye into all the World!!!

Mark 16:15 And he said unto them, Go ye into all the world, and preach the gospel to every creature.

Greetings From Germany, Europe and the Nations!!!

Partnership is not hard to do and does not require a lot from you. It is simply people working together with their financial resources to fulfill the bigger task!!! The more partners the more we can do together!!!

WHAT I AM ASKING: To began our newsletter I am asking you to consider something important? Something of eternal value? Something that will never be forgotten? Something that will be eternally appreciated? Something that will forever be your reward? Something that has more value then silver or gold? I am asking you to help us to go to the nations with your financial support as one of our monthly partners. Your partnership helps us to go forward in Germany, Europe, and the Nations as doors continue to open up all over the world. Some are called to go, most are called to send. And by sending Missionaries that are called to go in God's eyes it is as if they are going. This is why we have partnership. Paul also had partners and wrote about this to the Church in Philippi. (Philippians 2:14-17) It is Teamwork. He called them partners and told them that their finances would increase and great fruit would abound in their Heavenly Bank account because of their giving. The more finances we have the more places we can go to to reach the lost and equip the leaders to minister to the converts. So together your partnership finances the Gospel to reach Germany, Europe, and the nations!!

THE CONNECTIONS ARE THERE TO GO: For the last 6 years since the transition of From Faith To Faith To The Nations Ministry we have not only started a center Church but have been working on and testing the connections that have come for many other nations. Now we have many ministry friends and connections all over the world that need our help. It is the vision that God gave me many years ago as a teenager to go to the nations. They need our help to

Much has come through what we have learned in the word and ministry experience, by prayer, and almost 40 years of preparation. This can be a great asset to our Ministry friends. Some of our contacts have run for Presidential office in their nation. Some are great singers, and Bishops. Many are Pastors with all different sized Churches. Some large some are just getting started but have proven themselves to be trustable ministries that we can help.

Some of the contacts are able to provide for the meetings and even support us with offerings. Others are just getting started or do not have the resources right now because of their condition of poverty. Your giving helps us to get there. They have the manpower but not the finances. Sometimes we provide the funds for the crusade and they do what they can. The more we can provide for them the bigger the crusade and impact we can have on their nations.

When we (When I say „we“ I am talking about Mark, Rafaela, our Church and partners, All that are supporting us) go Mark needs to take a someone that can travel with him for help with the video camera, photography, bags to be carried and so forth. When we go we would also like to provide the recorded teaching and preaching material that we have from previous times and give it out as a gift for those that do not have internet but have the ability to hear our messages through CD or mp3 players. It is seeding and watering the word.

Again, Your Financial Partnership helps us to make this possible.

At one time I heard some statistics from my own nation, America, toward the support of missions. It is \$3.00 per believer a year. I hope it has grown since then. This was back in the 90's What if these statistics could change to \$3.00 a month or even better \$30.00 a month or more. Maybe the end time move would be finished and Jesus would come. Everyone ought to be involved in missions. We can be your missionaries.

With your support we will purchase some much needed equipment. We need a trailer for our tent (sorry to say) our last one was stolen, the devil has to return it 7 fold. This is what we stand on. Thank God the Tent and chairs were not in it. We need to repair our truck, build a stage, purchase lights and print the flyers, put together a set up team and we are ready to roll.

With your support can hire a secretary: This is to keep things in order and free up our time from the paper work and scheduling, advertising, internet and so forth.

I want you to realize the potential we have with more partnership. Think about the Pastor's conference in Uganda where we taught and fed the 700 Pastors, their wives, and leaders for 3 days which I mentioned above. What if we could do this more often? At night in the crusade we went from 2,000 on the first night to 6,000 on the last. It was for 3 nights and the crowds doubled every night. After the crusade we sent the Pastors home. Can you see the impact. Be this we were able to reach even more. That went into the 10's of thousands as they went back to their Churches and multiplied what they had learned and received. This would not have happened like this without us financing it. Then what we could have done with more. The entire event including my airfare and hotel was around 4500.00 Euros or about 5000.00\$ They told me afterward they were amazed at how far the money had gone and so thankful for the fruit it produced.

Think about in the Philippines where our Crusade averaged over 600 for 3 nights in the Region of Negros and over 400 came to Jesus. We provided funds for a truck to be hire to bring the people. For this one we sowed about 1500 Euros into this one. This was the beginning phase for a new ministry 5 years ago. Today they have pioneered over 30 Churches. I have gone back and done other crusades and conferences for them since then. We also purchased 22 cows for 22 Pastors.

When I mention these conferences and Crusades you can go on our website to the nations page and see the YouTubes with the preachings and teachings.

So will you Help? Will you go to the Nations with us? You Financial Partnership can increase finances for our effectiveness here in Germany and Europe also. Germany is a great nation to live in but it requires a lot of finances to do the

Our ministry will be support three Orphanages in the future. We are developing a Non Profit Organization in Germany for this. Here is one of the three. These are teenagers from Dove House, Romania.

ministry here. The cost of living is about double the expense of America. It is an important mission field with a little over 2% of the population born again. We have had many saved but there is still a great harvest to be reaped. Some think that it is a Christian nation. It is Christian by name in the fact that there are many Catholic and Lutheran Churches but the most are not born again and the buildings are mostly empty during their services. We are always so thankful when one person comes to the Lord.

Sometimes we ask the people if they go to Church. They say I am such and such Catholic or Protestant by registration but do not go because I cannot get any answers. Many go to the New Age World instead or do not believe anything about God.

Our location of our ministry is in the former Nazi Headquarters of Fürth, a city near Nürnberg where Hitler's Nazism began. Our building is a ha ha to the devil. We have taken your headquarters and turned into something that sets the captives free from you!!! Out of this building we now bring the Gospel, love, healing, and an opportunity for people to receive Jesus as their savior. Hitler wanted to take over the world and have a perfect race. This was done by force and hate. Through what we have comes the New Creation by love and opportunity. When you walk into our building alone the first thing that you can see is „Jesus is Lord!!!“ Yes taking the devil's former Hitler building and using it for the Gospel. A black eye to the devil.

To do our Missionary work we are located in the Central nation for Europe. Because of this it is easy to get into all the nations of Europe. Especially since the European Union was formed and the borders are open. Austria has opened up, Switzerland, England, Albania, Romania, Luxembourg, Hungary, France and England. Soon to Spain and Italy. We are believing for this. The city of our location has over 80 nationalities living in it. Now we know why we were to plant the Church here and we have several different nations represented in the Church.

From Germany it is also easy to go South to Africa and East to Asia, both in a days flight. It is the same with getting back to America. We live close to 3 International Airports, all of them accessible within 2 1/2 hours. The Nürnberg Airport is 15 minutes away and easy to fly out of to most any place in the world. It is a taxi, or the subway, off to the airport and gone!!!

So the doors are open and it is important to go through them while they are there. My heart is to get out at least 1 time every 2 to 3 months. I Promise you we will video, post the photos, and keep you up on your seed sown as our partners. So in this Newsletter this is what I am asking. Will you become a Financial partner with us and support our ministry on a regular basis. Your seed sown will be a great investment and together we can go to the nations!!!

All the information is on the last page of the newsletter. We so much appreciate you and always glad to have new people on

Be Blessed,

Mark and Rafaela Irvin.

ALBANIA: Mark was asked to minister for an Anniversary weekend of a New Church Pastored by Elton Dautaj. The name of the Church is „Agape Church located in Tirana. The Church is in it's 3rd year of existence. I ministered 2 times and 6 people gave there life to Jesus. One was a business owner and then her employee. They owned the Coffee Bar that we daily drank coffee in before the services. The Employee come on the first night was healed and saved. Then the business owner came the 2nd night and received Jesus and was saved. These are some of the testimonies right now. This was a great harvest for this new Church of about 30 people right now.

Romania: Mark went on a Suddenly to Romania where Apostle Terry and Renee Mize were ministering along with Pastor Terry and Dorcas Miras, Texas. They have been conducting conferences there for Gypsy Pastors. Mark has known Terry Mize for several years as Terry would come and minister at His Church in Kansas when he was the Pastor there. It was a great connection and divine appointment. We are financial partners with this ministry and being blessed by this connection. The breakthrough for the conference was the Pastors allowing and receive from women ministers. Both Renee and Dorcas ministered the word on Friday afternoon and there was a great flow of the Holy Spirit afterward where all the men Pastors came up and prayed for their wives. It took them 18 years to get to this point with this group. Wow. What patience but what a reward to see how God moved and ministered. On the way home we stopped at the Children's home that Terry has supported for years and met the kids that are now teenagers and grown up in a positive and godly way. Was a great blessing to be with them. Thank God for divine appointments.
